

Mission to Mars

A 10-Week STEM Adventure for little scientists Year 2 - Year 6

★ Why It's Awesome:

- Hands-on experiments
- Real engineering challenges
- Teamwork & problem-solving

EXCLUSIVE PROGRAM

What's the Mission?

- Build air & water survival systems
- Test Mars rovers
- Grow food in "space."
- Design a Mars Colony

Children will think, design, experiment and create – just like real scientists and engineers!

Details
